

# KAGNA EM

Data Analyst | Power BI • SQL • Microsoft Fabric • Python • Excel

Auckland, New Zealand | 021 686767 | [kagnaem@gmail.com](mailto:kagnaem@gmail.com) | NZ Citizen | [LinkedIn](#) | [GitHub](#) | [My Website](#)

Data Analyst with hands-on experience delivering reporting, data modelling, and business-focused analytics across nonprofit, retail, and enterprise-style environments. Proven ability to transform complex data into clear insights, practical reporting solutions, and decision-support tools.

Skilled in Power BI, SQL, Python, Excel, and Microsoft Fabric, with experience in data modelling, dashboard development, cloud-based reporting workflows, and multi-source data integration. Strong focus on improving reporting clarity, streamlining data processes, and communicating insights effectively to both technical and non-technical stakeholders.

## TECHNICAL SKILLS

- Data Analysis & BI: Power BI (DAX, Power Query), Excel (Power Pivot, advanced formulas), Looker Studio, SQL, Python
- Data Platforms & Systems: Microsoft Fabric, Azure, Microsoft Dynamics 365, SAP S/4HANA, Dataverse, Shopify, POS systems, Google Cloud
- Data Workflow & Collaboration: API integration, GitHub, SharePoint, Teams, Jira, Confluence, Miro, ClickUp, Google Workspace
- AI & Emerging Tech: Practical use of generative AI for analysis support, documentation, and workflow improvement

## CORE COMPETENCIES

- Data Analysis & Reporting: Building structured reports, dashboards, and insight-driven outputs for business use
- Data Quality & Modelling: Cleaning, validating, integrating, and modelling data for reliable analysis and forecasting
- Business Insight & Communication: Translating technical findings into practical recommendations for stakeholders

## PROFESSIONAL EXPERIENCE – NEW ZEALAND

### DATA ANALYST– KORDIA NEW ZEALAND (FULL-TIME INTERN) | APR 2026 – JUN 2026

- Analysed billing and exception reporting architecture across Power BI, semantic models, Microsoft Fabric, OneLake, and upstream operational systems.
- Mapped end-to-end data flows between CRM, ServiceNow, Datagate, SAP, supplier data, and reporting layers to improve reporting clarity and system understanding.
- Reviewed dashboard structure, navigation paths, and semantic model relationships to identify reporting dependencies, duplication, and usability issues.
- Produced business-readable architecture documents, data flow diagrams, process flows, and reporting artefacts to support stakeholder understanding and future-state design.
- Designed a trial Microsoft Fabric data architecture for billing and exception reporting using Dataflow Gen2, Lakehouse storage, pipelines, and Power BI star-schema modelling.

### DATA INSIGHTS VOLUNTEER – TEARFUND NEW ZEALAND (PART-TIME) | DEC 2024 – MAY 2025

- Developed Excel and Power BI reports to support Marketing and Partnership teams
- Built and maintained Microsoft Fabric dataflows and pipelines for automated reporting
- Performed data analysis including donor trends, segmentation (RFM), and performance tracking
- Developed data models, DAX measures, and Python scripts to support reporting and forecasting
- **Key Achievement:** Delivered 30+ interactive dashboards integrating multiple data sources, improving reporting efficiency and data accessibility

#### **DATA MANAGEMENT CONSULTANT – NORRIS ECHETEBU LAW, NZ (CONTRACT) | OCT 2024 – JAN 2025**

- Designed a data management solution using Excel (Power Query, Power Pivot, validation rules)
- Integrated the solution into Microsoft Teams to improve collaboration and data access
- Created user guidance and supported team adoption of the new system
- **Key Achievement:** Resolved a long-standing data challenge by implementing a user-friendly reporting system that improved workflow efficiency

#### **DIGITAL LITERACY COACH – DIGITAL SENIORS AUCKLAND (VOLUNTEER) | MAY 2023 – SEP 2024**

- Supported users with varying digital skills, strengthening communication and problem-solving abilities
- Assisted with CRM onboarding and customer data handling
- Explained technical concepts in a clear and user-friendly way

#### **DATA EVALUATOR – PEROPTYX LTD, NZ (CONTRACT) | JUL 2023 – JAN 2024**

- Reviewed and validated AI-generated location and business data against defined quality standards.
- Assessed data accuracy, completeness, and consistency to support reliable output for NZ-specific tasks.

#### **BUSINESS PARTNER – VEGELAND MARKET LTD, NZ | SEP 2017 – SEP 2022**

- Supported system migration from manual registers to POS, improving data capture and increasing revenue by 20%+
- Managed POS and Shopify sales data, monitored inventory and stock data across physical and online channels
- Used sales data to support operational decisions and performance tracking

#### **EDUCATION**

- NZQA Level 6 – Diploma in Data Analytics – Mission Ready HQ (*In Progress via Internship*)
- NZQA Level 7 – Business Intelligence in Analytics – Future Skills Academy (2024)
- Bachelor of Computer Science – Royal University of Phnom Penh
- Master of Social Policy – The University of Melbourne

#### **CERTIFICATIONS & TRAINING**

- Data Analytics in Google Cloud, Google | Jun 2025
- Excel for FP&A, LinkedIn & PMI | Sep 2025
- Data Analytics with BigQuery & Looker Studio | Aug 2024
- Python Statistics | Aug 2024
- SAP ERP Essential Training | Aug 2024

#### **PROJECT PORTFOLIO & WEBSITE:** [Portfolio on GitHub](#) & [Personal Website](#)

#### **AWARDS**

- Bright Futures Scholarships, Future Skills Academy, New Zealand, 2023
- Australia Award Scholarship 2015, Australian Government via DFAT, 2015

#### **COMMUNITY ENGAGEMENT & PROFESSIONAL DEVELOPMENT**

- Bilingual Interpreter – TransNational NZ: Helping people with language barriers in communication
- Continuous learning in data analytics, cloud platforms, AI, and cybersecurity
